Comments : My Husband made the best decision ever when he purchased the Family Heritage Cancer Plan. We thought it would be a great way to save money and hoped we would never need it. Unfortunately five months later my son was diagnosed with Leukemia. The initial diagnosis check came quickly and got us through the first month. I cannot stress enough how much easier our lives were dealing with the hospital stays

When we did not have to worry about money. The company has been great with all of our questions and got our claims to us quickly. Everyone should look into getting a policy that best fits their family through Family Heritage.
